Teacher's Insights

Sharing experiences, inspiring young minds

"Every child is a different kind of flower, and all together they make this world a beautiful garden."

July has been a wonderful month of learning, discovery, and joyful participation in the Primary Section. Our students enthusiastically engaged in classroom activities, storytelling sessions, creative projects, and collaborative tasks that helped strengthen both their academic skills and social development.

It has been heartening to see our young learners grow in confidence as they express their ideas, ask thoughtful questions, and support one another during group activities. Alongside academics, emphasis was placed on developing good habits, responsibility, teamwork, and respect for others.

The month was enriched with hands-on learning experiences that encouraged curiosity and creativity. From art and craft activities to interactive discussions, every opportunity was used to make learning meaningful and enjoyable.

We sincerely thank our parents for their continued encouragement and cooperation. Your support plays an important role in nurturing a positive learning environment for our children. We look forward to another exciting month filled with new experiences and happy learning.

Empowering Teachers Through Circle Time and POCSO Training

On Saturday, 4th July 2026, a three-hour professional development workshop was conducted for teachers from Pre-Primary to Grade 8 as part of the school's ongoing commitment to fostering a safe, inclusive, and emotionally supportive learning environment.

The workshop focused on the effective implementation of Circle Time, an interactive classroom practice that encourages students to express themselves confidently, listen with empathy, respect diverse perspectives, and build meaningful relationships with their peers and teachers. Through engaging hands-on activities, collaborative discussions, and role-play exercises, teachers explored practical strategies to facilitate meaningful Circle Time sessions that promote communication, emotional well-being, social-emotional learning, and positive classroom relationships across all grade levels.

The workshop also featured an informative POCSO (Protection of Children from Sexual Offences) Awareness Training, which reinforced the importance of child protection and safeguarding within the school community. Teachers gained valuable insights into recognizing concerns, understanding their responsibilities, maintaining professional boundaries, and responding appropriately to ensure the safety and well-being of every child.

The session provided an excellent opportunity for learning, reflection, and collaboration, equipping educators with practical tools to create classrooms where every student feels heard, respected, supported, and safe.

Doctor's Day Special: Caring Beyond the Classroom

In celebration of Doctor's Day, The School organized a comprehensive health camp in collaboration with Rainbow Children's Hospital, reaffirming our commitment to the health and well-being of every student.

The health screening was conducted for students from Pre-Primary to Grade 8, with experienced medical professionals carrying out assessments of height, weight, pulse rate, oxygen saturation (SpO_2), and general oral hygiene. The doctors and healthcare team ensured that every child was examined with care, compassion, and professionalism, creating a comfortable and reassuring experience.

The initiative not only helped identify students who may require further medical or dental attention but also reinforced the importance of regular health check-ups, personal hygiene, and preventive healthcare. It served as a meaningful reminder that good health is the foundation for effective learning and overall development.

On this special occasion, we extend our heartfelt gratitude to the dedicated doctors and medical staff of Rainbow Children's Hospital for their invaluable service, unwavering commitment, and compassionate care. Their contribution has made a lasting impact on the well-being of our young learners.

Smiles were everywhere as our students celebrated World Emoji Day with creativity and enthusiasm! Each child designed their own unique emoji icon, expressing a wide range of emotions through vibrant colours and imaginative artwork. The activity encouraged self-expression, creativity, and conversations about understanding and communicating feelings in a fun and engaging way. From cheerful smiles to playful winks and thoughtful expressions, every emoji reflected the individuality of its creator. The celebration was filled with laughter, creativity, and colourful masterpieces, making it a joyful and memorable experience for all.
