Teacher's Insight

A Teacher's Perspective, A Child's Journey

"A happy heart, a curious mind,and a brave spirit can do wonders ."

September has been a wonderful month of learning, participation and growth for our little grade 1 learners. It's been lovely to see how much they have changed since the beginning of the school year

Our children are more actively involved in classroom activities. They eagerly participate in discussions, enjoy group activities, raise their hands to answer questions and happily share their ideas with their teachers and friends.

Their confidence is growing day by day . Children who were once quiet and hesitant are now speaking up, trying new activities and expressing themselves with greater confidence. They are becoming more comfortable working with others and learning to take responsibility for their own little task.

A big thank you to all our wonderful parents for your constant love ,encouragement and support.

Your involvement at home plays an important role in helping our little learners become more confident, independent and enthusiastic about school. From encouraging them to complete their little task to listening to their stories about the day , every bit of support makes a difference.

We truly appreciate the time, patience and encouragement you give your children. Together,we are helping them learn, grow,participate and shine brighter each day.Thank-you for being our partners in your child's learning journey.

Ms. Oendree Banerjee

Krishna Janmashtami – A Celebration of Joy and Creativity

Little Hands, Creative Hearts, Divine Beginnings

Krishna Janmashtami was celebrated with great enthusiasm and joy as students came together to learn about the birth of Lord Krishna and the rich cultural traditions associated with the festival.

As part of the celebration, students participated in a creative Krishna-themed art activity. With colourful materials and imaginative ideas, they created beautiful artworks inspired by Lord Krishna, his playful childhood, and the festive spirit of Janmashtami.

The activity provided students with an opportunity to express their creativity while connecting with the cultural significance of the festival. Their vibrant artwork reflected their enthusiasm, imagination, and love for learning through art.

The celebration was a joyful blend of culture, creativity, and learning, leaving the students with wonderful memories of Krishna Janmashtami.

Teacher's Day Celebrations

A Retro Tribute to Our Teachers

The Teachers' Day celebration at our school was a vibrant and memorable tribute to our wonderful teachers. With the theme "Retro", the event brought together music, dance, games, laughter, and nostalgia, creating a joyful atmosphere for everyone.

The celebration began with a warm welcome note presented by the students, expressing their gratitude and appreciation for the teachers who inspire and guide them every day. This was followed by a melodious song performance by the students, setting the perfect tone for the celebrations.

The boys then took the stage with an energetic retro dance performance that filled the auditorium with excitement. The fun continued with an entertaining Musical Chairs activity, where teachers participated enthusiastically and enjoyed some light-hearted moments.

Adding more colour and charm to the celebration, the girls presented a lively dance performance. A special audio-visual clip was then screened, capturing the spirit of Teachers' Day and celebrating the beautiful bond between teachers and students.

The celebrations continued with an engaging quiz, which brought out the competitive spirit and created plenty of laughter and excitement. The event concluded on a high note with a spectacular dance performance by the students.

The entire programme was thoughtfully planned and led by the Student Council members, with enthusiastic participation from the students of Grades 6, 7 and 8. Their creativity, confidence, teamwork, and sincere efforts made the Teachers' Day celebration a truly special occasion.

The celebration was not just an event but a heartfelt expression of gratitude, reminding every teacher that their dedication, encouragement, and guidance leave a lasting impact on the lives of their students.

National Nutrition Week

Nourishing Little Minds, One Healthy Choice at a Time!

The school celebrated National Nutrition Week with fun and engaging activities focused on healthy eating, balanced nutrition, and nutritious food choices.

As part of the celebrations, Grades 1 & 2 participated in a Fruit Yoghurt Cup – Fireless Cooking Activity on 9 September 2026. The young learners enthusiastically prepared colourful and nutritious snacks using fresh fruits and yoghurt, while developing simple food-preparation skills.

The activities helped children understand the importance of healthy food habits and making wholesome choices through meaningful experiential learning.

Healthy choices today, healthy habits for life!

Marking Pages, Making Memories

Thank You

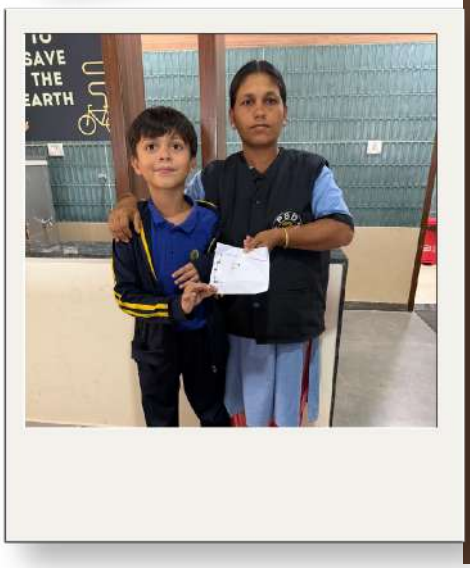

Topic: Empathy

Activity: Thank you card making for school helpers / aunties (empathy in action)

Celebrating the Beauty and Richness of Hindi

Hindi Diwas was celebrated with great enthusiasm by the students of Grades 3 and above. The celebration was a wonderful blend of language, culture, and creativity.

Students showcased their talents through energetic dance performances and engaging skits, bringing the beauty and richness of the Hindi language to life. Their enthusiastic participation and confident performances made the celebration a memorable experience.

The event provided students with an opportunity to appreciate Hindi while expressing themselves through art and performance.

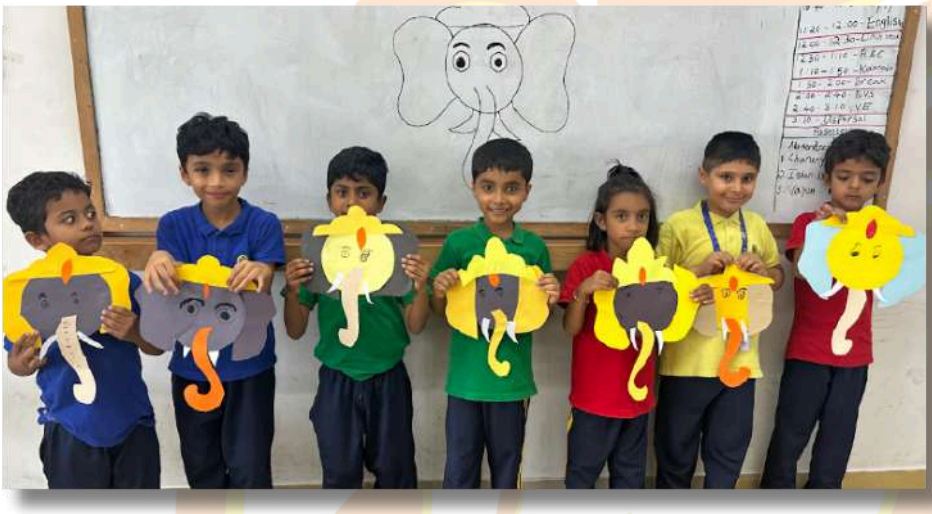

हिन्दी दिवस

Ganesha Activity

Celebrating Creativity, Culture & Nature

The festive spirit came alive as our young learners participated in a creative Ganesha-themed activity. The activity gave students an opportunity to explore their imagination while learning about the cultural significance of Lord Ganesha.

Grade 1 students created beautiful Ganesha artwork using colourful sheets of paper.

Grade 2 students took a creative approach by using leaves to create Ganesha artwork.

FIELD TRIP

A Day at the Fire Station: Learning About the Community Helpers

On Friday, 18th September, students from Pre-Primary to Grade 2 embarked on an exciting and enriching visit to the Fire Station at Manyata Tech Park, Thanisandra. The trip provided our young learners with an opportunity to step beyond the classroom and discover the important role played by firefighters in keeping our community safe.

The visit was filled with curiosity, excitement, and hands-on learning. The firefighters warmly welcomed the children and introduced them to their duties and responsibilities as community helpers. They explained the importance of staying calm during an emergency and shared simple, age-appropriate guidance on whom to approach and how to seek help during an emergency.

One of the highlights of the visit was an engaging water demonstration by the firefighters. The children watched with great enthusiasm as the firefighters demonstrated how water is used to control and extinguish fires. The energetic display left the students amazed and gave them a better understanding of the skills and equipment firefighters use while responding to emergencies.

PARENT TESTIMONIALS

Choosing the right school for our son was one of the most important decisions we've made, and watching him thrive at The Shri Ram Universal School, Bengaluru has been an absolute joy. From an overarching perspective, the school provides an incredibly nurturing environment, all facilities, and a well-rounded curriculum that fosters true overall growth building his confidence, curiosity, and social skills every single day.

On a daily level, we owe so much of his progress to all the teachers. Their personalized attention, patience, and dedication have completely transformed our son's approach to learning. Under teacher's guidance, he hasn't just excelled academically; he has genuinely fallen in love with learning. We are deeply grateful to both TSUS Bengaluru for creating such a supportive ecosystem and to the teachers for being the dedicated light guiding his journey.

Mrs. Payal

Mrs. Ankita Nambiar

I have been truly delighted with my daughter's growth since she joined The Shriram Universal School. Within just her first 3 months in Class I, she has shown remarkable progress in language learning along with other academics — she is now confidently picking up English, Hindi, and Kannada, a testament to the school's strong multilingual foundation and dedicated teaching.

Beyond academics, TSUS has nurtured her holistic development beautifully. She has taken to skating and vocal music with genuine enthusiasm and skill, and it's heartening to see the school create space for children to explore and excel in areas beyond the classroom.

The encouraging environment at TSUS has given my daughter the confidence to try new things and grow at her own pace. As a parent, I couldn't be happier with the foundation she is building here.

PARENT TESTIMONIALS

We the parents of Shivansh Saswat Grade I(A) find Shri Ram Universal school as an Excellent school, which is providing students with an overall developmental environment. Physical and mental stability in the current era is necessary for individual growth. I am happy that from an early stage of students life these aspects are equally nurtured here and given focus to. Inclusion of value education, self defence courses, robotics, sports, arts, music and dance along with their usual curriculum for students development is praise worthy. Here the school is nurturing the country's future.

Mrs. Subhashree Sahoo

We are happy with the overall learning environment and appreciate the efforts made by the teachers and school staff. The teachers are supportive, caring, and attentive towards the children. We also appreciate the various activities conducted by the school, which make learning enjoyable while helping children build confidence and develop important skills. These activities contribute greatly to the child's overall and holistic development.

Mr. Avinash Pandey
Mrs. Sujatha Mishra

PARENT TESTIMONIALS

Dr Shivani Shrivastava

We are extremely happy with our child's experience at The Shri Ram Universal School (TSUS). The school provides an excellent balance between academics and sports, helping children develop into confident, disciplined, and well-rounded individuals.

The academic environment is engaging and supportive, with dedicated teachers who encourage children to understand concepts and develop a genuine love for learning. At the same time, TSUS gives equal importance to sports and physical activities, helping children build fitness, teamwork, discipline, and sportsmanship.

We truly appreciate the school's holistic approach towards nurturing both the academic and sporting abilities of every child.

Abeer joined TSUS in grade I when we returned from the UK. He has really liked the school environment since his first day. The school provides an opportunity to balance academics with extra curricular activities such as sports, dance and public speaking. The teachers are approachable and make sure students feel confident and comfortable in their learning environment.

Overall we are very happy with the school offering and really like that school is maintaining a good student teacher ratio.

Mrs. Lehar Bhandula

Mrs. Pooja Yadav

As parents, choosing the right school for our child is one of the most significant decisions we make, and our journey with The Shri Ram Universal School, North Bangalore, has been deeply fulfilling.

Over the past year, we have seen remarkable growth in Anaika - not just in her academic achievements, but in her overall confidence and curiosity. The school's curriculum strikes a wonderful balance between strong academic rigor and child-centric learning. Concepts are taught in a way that encourages critical thinking rather than simple rote learning, which has made a noticeable difference in how she understands and enjoys her subjects.

Beyond academics, what truly sets TSUS apart is the warm, nurturing environment. The teachers are approachable, empathetic, and genuinely invested in each child's individual progress. Anaika looks forward to going to school every day, whether it is for classroom activities, sports, or creative expression.

We extend our sincere gratitude to her class teacher, Ms. Nandini Bhatia, and the entire management for creating a safe, inclusive, and inspiring space for our children to thrive.
